10 Posing Prompts That Actually Work

A QUICK REFERENCE FOR NATURAL, CONNECTED PORTRAITS

01 Slow Walk—Walk toward me slowly, looking at each other.

02 Pull Them Close—Bring your person in like you missed them.

03 Almost Kiss—Get close enough to kiss, then pause. Pretend to almost kiss with their teeth.

04 Little Details—Adjust a collar or brush hair away.

05 Spin & Settle—Spin gently, then come back together.

06 Forehead Rest—Touch foreheads and take a breath.

07 Side by Side—Stand hip to hip and lean in.

08 Look Back—Walk away and look back when called.

09 Close Up—Wrap arms around each other and relax.

10 In Between—Keep shooting when the pose ends.

Give direction, then give people room to respond. The best moments happen between instructions.
